Subject: Re: contact updates for Rosemont Project

I suggest that Nicole and I be the POCs.

I would assume I am not the best POC – but should be on the list for the senior POC.

Subject: contact updates for Rosemont Project

Good Morning,

I am writing in regards to the Forest Service's Rosemont Copper Project.

First, I would like to introduce to you the new FS Rosemont Project Manager, Sarah Baxter. Sarah started with the FS in January 2017 and is in the process of transitioning with me as lead on this project. I will likely remain in the background as a technical expert while Sarah takes over as the project's lead Point of Contact (POC).

Second, you have received this email because your name is listed in our records as the POC (or secondary POC) for your organization. If you are no longer the POC for information related to the Rosemont Project, please respond to Sarah Baxter (sbaxter@fs.fed.us) with the name and email of the new POC for your organization. We would like to have one POC (with one alternative if you choose) for each organization.

It has been a good experience in getting to work with many of you over the past five years. Thank you for your time and response.
